The flats will be furnished almost complete. The bureaus, dressers, stoves, boo cases, dressers, etc., will be set into the wall, the cases of hardwood and glass, This will give the occupants of the flat a great deal more room and yet have the house furnished as compacely as if Mr. and Mrs. G. H. Wickersham left they were living in a house of their own The rooms will be large, well heated and lighted and everything provided for the use of the renter, and all of the latest style. This will be a great thing for rent a flat of Hutchinson, of any size they may desire, and the outlay for new furniture will be small compared to what they would have to buy if they rented souse or a flat without the furnishings which Colonel Hutchinson says he wil provide. A modern, up-to-date flat has en long deemed a necessity by the ople of this city and Colonel Hutchin on will supply this long-felt want.
